So if the word went about it was through devious channels, which are being carefully guarded.

It was indicated in some quarters that the influence of Wilson was being felt—in a highly indirect manner—and no senator would be

**How Yeast Vitamon Tablets Put Flesh On Thin Folks**

**Strengthen The Nerves and Invigorate The Body—Easy and Economical To Take—Results Surprisingly Quick.**

If you want to put some firm, healthy flesh on your bones, increase your nerve force and power, clear the skin and complexion and look and feel 100 per cent. better, simply try taking two tiny Maestri's VITAMON tablets with each meal and watch results. Vitamon contains highly concentrated yeast-vitamins as well as the two other still more important vitamins (Fat Soluble A and Water Soluble C) and is now being used by thousands. It positively will not upset the stomach or cause gas, but, on the contrary, is a great aid to digestion, to overcome constipation and as a general conditioner of the whole system. Complete satisfaction absolutely guaranteed or the trial costs you nothing. Be sure to remember the name Maestri's VITAMON—the original and genuine yeast-vitamin tablet—there is nothing else like it, so do not accept imitations or substitutes. You can get Maestri's VITAMON Tablets at all good druggists, such as Jacobs' Pharmacy, Cone Drug Stores, Curtis Drug Stores, Marshall & Pendergast Drug Stores, Liggett's Drug Stores.

quoted to that effect.

"The interesting thing about it all is the sudden discussion awakened in Wilson's name, which aroused old antagonisms, and diverted democratic senators to the struggle over the Versailles treaty.

The division among the minority is illustrated by its failure to agree on a program at a caucus Tuesday. There was protracted discussion, but no agreement, and the upshot of the talk was that the democrats will probably vote as each sees fit. Senator Harrison, Senator Glass, Senator Reed, Senator Williams and others would vote for the pending treaty under no consideration, while at the same time their leaders—Underwood and Hitchcock—incline in the other direction. The democrats are to caucus again Thursday, and at that time may decide to present a united front. But Underwood declines to predict that this will happen. Instead, there may be an unofficial effort to add more reservations to Mr. Harding's pact. The reservations Lodge offered to the democratic treaty are being studied with this object in view.

**Watches Tax Bill.**

Meanwhile, the revenue bill is engaging the attention of the senate and republicans predict that the treaty will be passed with no great delay. Even democrats, and Senator Borah, waging a bitter attack on the treaty, in not hoping that opposition will be successful. Senator Harrison, democratic firebrand, said there would be no organized attempt to defeat the treaty. But at the same time he denounced them vigorously.

Senator Borah introduced a resolution Tuesday asking the secretary of state to inform the senate whether the United States has "any representative in any way connected with the reparations commission." The resolution was not on the table, and will be discussed by Borah later.

**SUBMARINE SINKS; TWO ARE DROWNED**

BY THE ASSOCIATED PRESS.

San Pedro, Cal., September 27.—Only two men lost their lives when the submarine R-4 sank in Los Angeles harbor last night. It was officially announced today by Rear Admiral Herman O. Stikney, commander of the Pacific fleet, that an eye-witness of part of the disaster. A third man, missing and who for a time was thought a possible victim of the accident, has been accounted for, together with all other officers and men of the submarine.

The dead were definitely identified today as J. E. Dreffeln, seaman, San Pedro, Cal., and Frank O. Spaulburg, seaman, Crows Lake, S. D.

**Georgian Makes Plea For "Safety First"**

In Boston Address

Boston Mass., September 27.—(Special).—Rev. Walter Holcomb, of Cartersville, Ga., today addressed the members of the national safety council on the "Safety of Man," in the statehouse of Massachusetts. At this tenth annual conference, there were present hundreds of delegates, representing the safety first work of railroads and other industries of the country.

Mr. Holcomb reminded his hearers of the text in the Bible which inquires, "Is the young man Absalom safe?" and traced the evolution of the idea of safety, which grew from the instinct of self-preservation existing in the primitive man to the regard to the safety for others which is characteristic of the best elements of modern society.

He, however, called attention to the fact that there is much yet to be done in cultivating the spirit of safety. "While the trainmen are playing safe," he said, "the public is criminally careless." The carelessness of automobile drivers at grade crossings was touched upon by Mr. Holcomb, who denounced the habit of some motorists in seeing how close they could cross the track without being hit by the train as "dare-devil recklessness."

fail to be affected by the prospect of a world getting gradually worse and worse while we succeed only in reclaiming a few individuals here and there, as brands plucked from a burning. Not only does that present a very difficult task for faith, but it seriously modifies and must limit our program of world betterment."

The speaker enumerated the achievements of the past 100 years in education and invention, saying that because of them things ought to be better than they are, but quoting a well known writer who said that along with these successes have come striking moral and social failures, and accompanying the increase of wealth there has been a corresponding increase of poverty, of insanity, of suicide, and probably even of crime, together with other indications of moral and physical deterioration.

"Now is it in vain that we ignore such evidences of human decline morally and spiritually while we are making such wondrous strides with our material inventions and discoveries?" he asked. Looking the facts in the face, he asserted, and thinking with our brains instead of our feelings, the conviction dawns that the world is becoming worse.

"But there is another side. There has been progress," continued the speaker. "There was never a time when the great heart of humanity beat over a wider surface in sympathy, throbbing for all the suffering man. Oppression, lust and crimes stalk abroad and do their deadly, hellish work, but never was autonomy more despised, never justice more beloved, and human brotherhood finds a fitting response in more hearts than in any preceding age of human history in the annals of recorded time."

Mrs. Sarah Blake, president of the Business Women's club of the league, presided at the meeting.

favor of a walkout. Now, according to his chief assistant, they have voted "overwhelmingly" for a walkout.

Lee, who broke with the three other powerful railroad brotherhoods and the Switchmen's Union of North America when he gave permission to the men to strike, will make every effort to get the grievance committees representing his organization on each railroad to refuse to sanction a walkout. It was learned. He will meet the general chairmen to address them here Wednesday, and ask according to information, that action be taken to have each grievance committee refuse to sanction walkouts.

Vice President Murdock explained the modus operandi of these "grievance committees," upon whom now rests the responsibility of a widespread walkout of members of the trainmen's brotherhood.

Local Committees.

"There is a local grievance com-

committee on each road at each terminus consisting of three members," he said. "One of the three is chairman. So there may be 125 grievance committee chairmen on the Pennsylvania, 60 on the Illinois Central and so on. They act on all disputes on their particular road and if there are to be any strikes they can call them now because they have official authority for doing so."

So in this case there might be a trainmen's strike on the New York Central and not on the Southern Pacific. It is up to the committee.

Another high official dispelled the hughaboo of a general strike after the brotherhoods of engineers, conductors and firemen have had their parleys, which start Monday.

would mean absolute paralysis of the whole country. But we could call an effective strike by making every part of the country know to some extent what we are fighting for. A strike on the Southern Pacific from the Pacific coast east would let the south know.

A strike on the Chicago and Northwestern, the Milwaukee and Illinois Central would affect the central west. A walkout on the Baltimore and Ohio between Balti-

more and Philadelphia and on the New Haven and Boston and Maine would hit New England.

"But none of these strikes would absolutely cut babies from needed milk, nor the people from needed supplies. If there is a strike it will be done in this way, and I am not saying there is going to be one."

William N. Doak, vice president of the trainmen in charge of the central west. A walkout on the Baltimore and Ohio between Balti-

of the roads he represents have voted solidly for a strike.

It is tacitly admitted among the trainmen officials that President Lee made an error when he allowed the men to vote on a strike with his permission to walkout. The vote was favorable to it, dependent only on the decisions of the local grievance committees. That he will attempt to rectify this error when he addresses the general chairmen is the general opinion.

## Athens Advertising Club Will Hold Meeting Wednesday

Athens, Ga., September 27.—(Special.)—The Athens Advertising Club will hold a special meeting Wednesday at which plans for a "sale day" in Athens similar to such days in many of the larger cities in the United States, will be worked out. Representatives of the Athens Chamber of Commerce will be at the meeting, and will assist in the perfection of the program that is to be followed.

## WANDERER TO HANG ON GALLOWS FRIDAY

Springfield, Ill., September 27.—Carl Wanderer, convicted slayer of his wife, her unborn baby and a "ragged stranger," will go to the gallows Friday, according to an announcement from the governor's office tonight. Wanderer lost his last fight for commutation of sentence to life imprisonment or another re-

prieve when the division of pardons and paroles recommended to Governor Small that Wanderer's petition be denied. Two petitions were filed with the governor by counsel for the convicted murderer, a former soldier, whose last reprieve until September 30 was granted at the request of American Legion officials. One was for commutation of sentence to life. The other was for a further stay of execution.

The petitions were based on the grounds that Wanderer had been declared insane by a number of experts and that evidence upon which he was convicted was of doubtful character and that no motive for the crime was shown.

Mail Pouch Containing \$3,000 Disappears; Loss Is Insured

Macon, Ga., September 27.—(Special.)—Local postal authorities said today they had received information of the disappearance of a mail pouch said to contain \$3,000 consigned to the Citizens and Southern bank in Macon from the Citizens bank at Ashburn, Ga. The local postal inspector was out of the city today.

A. E. Bird, Jr., cashier of the Citizens and Southern bank, said the loss was discovered last night when a telephone message was received from the bank at Ashburn asking why the receipt of the shipment had not been acknowledged.

Mr. Bird said the correct amount in the shipment was \$3,000 and that the Ashburn bank will sustain no loss, as the shipment was registered and insured.

No Basis for Rumor He Will Not Seek Re-election, Says Wise

Fayetteville, Ga., September 27.—(Special.)—Congressman J. W. Wise, on being asked the direct question as to whether he would seek re-election, said he would not. He said he was not a candidate for re-election as true, made the following statement:

"It is practically twelve months before a primary can be held under the law. The term of Congress for which I have been elected has just begun; the first regular session of the same will begin in December, I, next, and the second regular session in December, 1930. In view of these facts, it is entirely too early to precipitate a congressional campaign at this time."

Wise said he was not a candidate, nor have I said anything to indicate that I was. There is no basis of fact for the rumor that I will not offer for re-election. There is no time in which to make an announcement hereafter, and I do not propose to precipitate a campaign now.

"Business is so depressed, and the agricultural situation is so distressing that I am quiet, sure the people of the district will be much more interested at this time in efforts made to help bring about more satisfactory business conditions and the reorganization of the government so we can make a living than with any political campaign."

America's Trade With Other Nations Increased in August

Washington, September 27.—America's trade with Europe revived somewhat during August, as compared with July, but commerce between the United States and South America, as taken in the aggregate, remained almost stationary, according to figures issued today by the department of commerce.

Exports to Europe last month totaled \$209,000,000, as compared with a valuation of \$180,000,000 in July, while imports were \$59,000,000, as contrasted with \$77,000,000 in July. Exports to South America amounted to \$14,000,000 in August, as compared with \$18,000,000 in July.

Imports from South America were \$23,000,000 last month, against \$20,000,000 in July.

Exports and imports by principal countries for August, as compared with July, were given as follows:

Great Britain: Exports, \$86,000,000, against \$70,000,000; imports, \$15,000,000, against \$15,000,000.

France: Exports, \$16,000,000, against \$13,000,000; imports, about \$11,000,000 for each month.

Germany: Exports, \$40,000,000, against \$35,000,000; imports, \$7,307,000, against \$3,000,000.

China: Exports, \$9,000,000, against \$6,000,000; imports, \$12,000,000, against \$10,000,000.

Japan: Exports, \$17,000,000, against \$14,000,000; imports, \$22,000,000 for each month.

Argentina: Exports, \$5,000,000, against \$7,000,000; imports, \$6,000,000, against \$10,000,000.

Brazil: Exports, \$3,000,000, against \$2,000,000; imports, \$7,000,000, against \$5,000,000.

Chile: Exports, \$1,349,000, against \$1,900,000; imports, \$4,321,000, against \$3,900,000.

Exports to Mexico in August amounted to \$15,847,000, as compared with exports of \$14,993,000 in August, 1929. Imports from Mexico last month were \$5,000,000, against \$17,090,000 in August of last year.

Wife Would Sell Self To Provide for Care Of Invalid Husband

Little Rock, Ark., September 27.—Mrs. Madeline Taylor, 25 years of age, Success, Ark., in a letter to The Arkansas Gazette here, offers to sell herself into servitude for two years to any one who will place her invalid husband in a hospital and provide funds for an operation. Her husband, she wrote, is a former service man, honorably discharged from the navy after four months' overseas. He sustained an injury to his spine after returning home and had been helpless since, she said. Her only condition is that the party with whom she contracts to give her labor for two years is that the nature of the work be respectable.

RAILROADS ARE SUED FOR HEAVY DAMAGES

John T. Patton brought suit Tuesday against the Atlanta and West Point railroad in the city court of Atlanta, for \$30,000 damages for personal injuries, claiming that on May 7, while riding in an automobile with his brother, the automobile was struck by a passenger train of the Atlanta and West Point at Jones crossing in Atlanta.

## DIXIE EDGE BANK EARNINGS \$125,650

New Orleans, September 27.—Since it began operation seven months ago, the Federal International Banking company, the New Orleans Edge bank, has earned \$125,650, according to a statement issued by the bank, showing condition as of September 15.

The statement shows \$30,588 earned in commission, \$383 earned on exchange, \$9,523 on interest, and \$84,975 on discounts on loans. In addition the company has on hand \$34,522 of unearned discount.

It reports a total of about \$1,000,000 outstanding, representing loans in the financing of export shipments, divided as follows: \$1,702,245 bankers acceptances, \$22,268 in commercial paper, and in customer's liabilities account of acceptances, \$2,278,903. The amount of paid in capital is reported at \$3,151,000.

The report shows the company has \$1,531,000 of its own acceptances outstanding, showing an increase of \$800,000 since the last statement was issued on August 23.

## ROAD IN GEORGIA ASKS \$75,000 LOAN OF COMMISSION

Washington, September 27.—The Gainesville and Northwestern Railroad Company of Georgia applied to the Interstate commerce commission today for a loan of \$75,000 to retire existing indebtedness.

## DISMISS HABEAS CORPUS PETITION OF SIX NEGROES

Little Rock, Ark., September 27.—Habeas corpus proceedings brought in behalf of six Elaine, Ark., negroes under sentence of death for murder in connection with rioting two years ago, were dismissed by United States District Judge John H. Cotteral today.

The negroes gave notice of appeal to the supreme court in further effort to save the lives of the condemned negroes.

## Henry P. Davison To Recover Health At Thomasville

New York, September 27.—Henry P. Davison, of J. P. Morgan & Co., who is convalescent at his Long Island country home after an operation, will endeavor to recover his health fully during the winter at his estate in Thomasville, Ga., business associates said today. He has leased his Park avenue town house to Marshall Field, of Chicago.

## Exports Growing, Southern Railway Figures Indicate

Louisville, Ky., September 27.—Southern railway foreign commerce service headquarters here today announced what was regarded as a striking analysis of America's export business of principal commodities for the first six months of 1930.

The announcement, which was made by R. L. McKellar, foreign freight traffic manager, said that 1,360,440 freight cars, each forty feet long and containing twenty-five tons, would be required to transport the commodities exported, which was placed at 34,011,000 tons, and a train, if the cars were so assembled, would be 16,006 miles long, or nearly half way around the world.

Reports of wheat alone, Mr. McKellar's figures showed, for the period, were equivalent to 147,866 such cars, or an increase of 155 per cent over the same months last year.

Exports of corn, it also was said, aggregated 64,679 carloads, or an increase of 571 per cent as compared with the same period in 1929.

The announcement also stated that the combined quantity of principal exports for the first six months of the current year exceed the quantity of exports for the same months in 1929 by 4,320 carloads, or 113,000 tons. The increase, it said, principally was in wheat, corn, iron pipe, cotton seed oil, meal and cake, apples, malt, benzol and lard. The impetus given the movement of cotton by the recent advance in price, it added, had been subsequently to the completion of these figures.

The movement of this commodity for the first six months shows a decrease.

## QUICK DISCHARGE FOLLOWS KILLING BY VIRGINIA MAN

Lynchburg, Va., September 27.—Jesse L. Ford, who shot and killed Dr. W. A. Strother Saturday at the latter's home, was discharged today by a preliminary trial before Magistrate D. D. Clay of Bedford county.

Ford was the only witness at the hearing and his plea was that of self-defense. He claimed he shot Strother when the latter was attempting to get his revolver from his pocket; that he went to Strother's house after the shooting, a witness to the shooting, Mrs. Ford claimed exemption afforded by the law to a wife testifying against her husband. Ford was under \$10,000 bail to appear for the trial today.

He returned to his parents' home here, leaving his wife at the home of the family formerly occupied in the country, where she had been with her friends since the tragedy.

Plant Destroyed.

Albany, Ga., September 27.—A loss of \$50,000 was sustained here this morning when the plant of the Albany Milling Company was destroyed by fire. This is the second time the plant has been destroyed during the past sixteen months.

## MINERS VOTE AGAINST DEBATE ON STRIKE

Indianapolis, Ind., September 27.—By an overwhelming vote further debate on the Kansas strike cases that have been before the convention of the United Mine Workers of America for four days, was shut off soon after the convention opened today.

Supporters of Alexander Howat, president of the Kansas district, then won a roll call vote. It was expected most of the day would be necessary for the roll call.

The convention rules declare that 300 delegates must support a demand for a roll call vote. This number was easily obtained following the motion of Joseph Lynam, delegate from Peoria, Ill., that a roll call be taken on the proposition of supporting the administration of President John L. Lewis and the international executive board which contends that strikes ordered by Howat in the Kansas fields were illegal. Howat contends that the strikes were called when the operators failed to observe terms of their contracts with the unions. President Lewis and the international executive board have ordered that the strikers return to work.

## The Lure of the Lime

The Lime hasn't the bold, painted beauty of the peach nor the haughty pungent flavor of the lemon but no other fruit juice gives such a racy, bracy flavor and pleasantness to a beverage as the juice of sun-ripened limes gives to Lime Cola.

Lime Cola dispels thirst and leaves a lingering pleasant thrill that makes you think of sea breezes. Your tasks seem happier after a tall, beckoning bottle of chilled Lime Cola.

## COTTON ASSOCIATION TO MEET OCT. 26-29

The American Cotton association will meet in Birmingham October 26-29 in its annual convention for 1921, according to announcement made in Atlanta Tuesday by Harvie Jordan, secretary. The opening day of the convention will be held in joint session with the Birmingham semi-centennial celebration to hear the address of President Warren G. Harding. The chief executive of the nation will be the guest of the Magic City October 26. On the following day the business sessions of the cotton association will begin. Reduced railway rates will be given from all sections of the cotton belt, and several thousand delegates are expected to attend.

## Moser Here to Aid Work of Organizing Cotton Sale Units

Organization efforts of the American Cotton Growers' exchange in the southeast will be concentrated in Georgia, according to C. O. Moser, of Dallas, Texas, secretary of the exchange, who arrived in Atlanta recently and will spend the larger part of the next three months in this city. Mr. Moser will co-operate with the organization committee of the Georgia Cotton Growers' Co-operative association in plans now under way for expansion of the association's membership campaign in Georgia. The principal work of the exchange for the present year, says Mr. Moser, is to complete unfinished organizations in the south, so that the entire section may be thoroughly represented in the exchange.

## ANNUAL SANITARIUM STATEMENT IS ASKED

W. B. Hudson, former patient at Battle Hill sanitarium, has written a communication to the mayor and general council to be presented at the next meeting of council, asking that body to require a detailed annual medical report by the superintendent of the institution. While Hudson was under treatment at the sanitarium, he was treated for tuberculosis. A special committee was appointed to investigate charges of alleged conditions and exonerated the officials blamed in the complaints. After being dismissed from the city institution, Hudson was admitted to the Georgia State Tuberculosis sanitarium at Alto. He asserts that the superintendent of Battle Hill makes no report of the cases under his care, and suggests that the council order him to furnish such a report annually, as is done by the state institution.

## Atlanta Advertised By Story of Growth Of Real Estate Values

"The marvelous story of Atlanta real estate," by Henry B. Scott, president of the Atlanta real estate board, which was published in the July-August number of the City Builder, the organ of the chamber of commerce, has received national consideration, according to a statement given out by the chamber Tuesday afternoon. Through the co-operation of the chamber of commerce, following receipt of a letter from Frank J. Rohr, general manager of the Steel Realty Development corporation, with headquarters at Buffalo, N. Y., and with branches in every large city in the United States, the story was reproduced outright in pamphlet form and thousands sent to every branch of the corporation. It will be remembered that Mr. Scott won third prize for volunteer service in the competition for the achievement trophy offered by the president of the National Association of Real Estate Boards, which was awarded by the annual convention held in Chicago in July.

## MATHESON URGED TO REMAIN HERE BY TECH COUNCIL

Following the appeals of ex-Governor Nat E. Harris, "Chip" Robert and other men interested in the welfare of Georgia Tech, Dr. K. G. Matheson, president of the school, is being urged by the local institution. The latest plea came from the Council of Education of the school's faculty, and declared to Dr. Matheson that: "We believe that there is no exaggeration in our saying that while your withdrawal at any time would be a serious loss to the state of Georgia, our affairs are now in their most critical stage, and we believe that your presence here is of the greatest importance to the school and to the state." While we realize that some of these very conditions might tend to influence you to transfer your efforts to other fields, and that you have many interests to consider, may we presume as members of your official family, some of us your associates for many years, to plead with you to remain with us? We venture to believe that there is much of hope, the outlook, and comfort in the proved loyalty of your friends here, to direct your efforts in a way favorable to the Georgia School of Technology. Dr. Matheson will confer soon with the trustees regarding the offer made him recently by a Philadelphia institution, which would be twice as remunerative as his present position.

## FUNERAL OF SPINKS TO BE HELD TODAY

Funeral services for Troy J. Spinks, who was drowned Monday afternoon while swimming in the lake at Lakewood Park, will be held in the chapel of H. G. Poole this morning at 10 o'clock. Rev. B. F. Pryor will officiate. Besides his widow and child, Spinks is survived by a father, C. L. Spinks.

## LARGE AUDIENCE HEARS CONCERT BY NEGROES

Many white people and several thousand negroes attended the annual musical concert given by the Butler street colored Y. M. C. A. last night in the city Auditorium. The musical program consisted of many well sung negro melodies and classical selections. Dr. J. M. Harrell directed the music. Rev. Plato Durham rendered the address, assuming the place of Dr. M. Aubrey Jones, who was compelled to leave Atlanta Monday for Augusta on urgent business.

## FORD DEALERS HOLD CONVENTION TODAY

Ford dealers from the territory under the jurisdiction of the Atlanta branch of the Ford Motor company will meet at the Ansley hotel today for their annual convention. Officials of the Ford branch state that approximately 400 dealers will be represented at this meeting, which will be of a business nature. The local branch now has the largest number of unfilled orders in more than twelve months and this number is increasing daily, due to the unusually heavy demand following the last price reduction, which places Ford prices at the lowest point in history. While no official statement has been made, it is generally understood that the assembly plant here, which has been closed for months, will likely be opened if a number of unfilled orders continue to increase. Cars for this territory are being assembled at Cincinnati and in the event the Atlanta assembly plant is opened it will mean employment for many Atlantians, as well as a noticeable increase in payroll and bank clearings.

## DR. M. L. BRITTAIN TO MAKE ADDRESS AT EMORY OPENING

An address by Professor M. L. Brittain, state superintendent of schools, will be delivered at the opening exercises of Emory university Wednesday morning at 10 o'clock. Exercises will be held in the university chapel on the campus. Enrollment of students, which began Monday, has been going on rapidly, and it is expected that records of previous years will be surpassed when the registration period closes Wednesday night.

## FUNERAL SERVICES FOR MRS. TERRY TAKE PLACE TODAY

Funeral services for Mrs. Elizabeth Terry, wife of J. M. Terry, a beloved Atlanta woman, who died at her home early Tuesday morning, will be held Wednesday at 10:30 o'clock at the chapel of Donehue & Baemore. Dr. McCullum will officiate. Interment will be in West View cemetery. Mrs. Terry, who was 73 years old, was raised in south Georgia, but moved to Atlanta some 40 years ago. During her residence here she won the love of a wide circle of friends. Besides her husband, she is survived by three grandchildren, H. C. Bruce, of Atlanta; Mrs. J. Spain, of Nashville, Tenn.; and C. G. Bruce, of Washington, D. C. Pallbearers will be W. D. Mablin, J. E. Grubbs, W. T. Harwell, Joe Williamson, C. C. Forbes and Dr. M. F. Haygood.

## DR. W. C. LYLE SPEAKS AT LIONS' LUNCHEON

Resolutions deploring recent happenings which have advertised Atlanta as a place of religious intolerance were passed Tuesday afternoon at the weekly luncheon of the Lions' Club. Another feature of the meeting was an address by Dr. W. C. Lyle, eye and ear specialist, on the causes of bad eyes. He attributed nearly all eye trouble to ignorance, and stated that 90 per cent of all eye troubles are the result of bad eyes. Lyle was furnished by Miss Inez Marvin and Miss Jean Leonard. The two new officers, Press Hudson, official "lion tamer," and Robert Maddox, Jr., official "tail twister," had their hands full, and by doing tardy members accumulated a sum of 80 cents.

## H. G. THOMPSON GIVEN HIS LIBERTY ON BOND

H. G. Thompson, 20 years old, of 81 Williams street, was released on \$100 bond Tuesday afternoon following his surrender to the police Tuesday morning, as the man who stabbed Thomas Higginbotham, of the Lorraine apartments, Monday night in front of the Slosson apartments, 61 West Harris street. Higginbotham's condition was not serious, and after treatment he returned home. Thompson claims that he was in the Harris street apartments before Higginbotham arrived and that he did not use his knife until he was struck in the mouth by Higginbotham.

## IRISH CABINET MEETS THURSDAY ON GEORGE REPLY

Dublin, September 27.—(By the Associated Press.)—The Irish cabinet will assemble in the mansion house Thursday to consider the reply of Prime Minister Lloyd-George to Eamonn de Valera's latest communication. It was announced here tonight. (Mr. Lloyd-George's reply will be made public Wednesday, according to a London announcement.)

With reference to the uneasiness created in certain quarters of Dublin, where it is suggested that the decision to remobilize the "B" specials in Ulster is a breach of the truce, a high official said today that the withdrawal of the "B" specials at the commencement of the truce was not in fulfillment of the terms of the truce, but merely an act of grace with the hope of creating a better feeling.

## GENERAL PERSHING ARRIVES IN COBLENZ

Coblentz, September 27.—(By the Associated Press.)—General John J. Pershing arrived here this afternoon, accompanied by Major General Henry T. Allen, commander of the American forces in the occupied territory, who went to Treves to meet him. A detachment of cavalry acted as escort into the city. Soldiers lined the streets from the entrance to Coblentz to General Allen's home. All the allied generals in the occupied zones will attend a dinner to General Pershing at General Allen's residence tomorrow night.

## FOREST FIRES RAGE IN SOUTH DAKOTA

Deadwood, S. D., September 27.—Three forest fires driven by high winds are raging in the Black Hills today. Forest rangers and timber men are fighting the fires near Mystic, S. D., and Spearfish canyon. Forty ranchmen, led by foresters, succeeded in controlling a fire in the Pinnacles canyon last night. The situation was reported as critical.

## POLICE ARE SEEKING NEGRO HIGHWAYMAN

Police are seeking the negro bandit who several nights ago held up Miss Elizabeth Brown, stenographer, of Ponce de Leon avenue, at the point of a pistol and relieved her of a bracelet watch and a diamond ring valued at \$450. Miss Brown reports that the holdup was staged near the corner of Ponce de Leon and Piedmont avenues in a dark spot, the negro fleeing as soon as he secured his loot. No arrests have as yet been made.

## "For This Relief, Much Thanks"

—Hamlet.

—In yesterday morning's paper the weather man says the back-bone of the heat wave is broken. This was followed by a matutinal rain which droppeth on the guilty and not guilty, both alike.

—It is cooler.

—This is a relief. Now women will begin to buy their new clothes.

—Let us tell these women of Atlanta and Georgia that we have right now in stock more suits, coats and dresses than we have ever had before, and that the prices are lower than they have been in years.

—We are ready.

The dresses at \$15.75 and \$19 are worthy of special mention.  
The suits at \$23.85, \$29.85 and \$34.85.  
The coats at \$23.95, \$28.95 and \$39.95.

FOR partitions in the office or factory of a growing business there is nothing more practical than Carey Board.

No other type of partition can be erected so quickly and with so little interruption to business. Highly skilled labor is not required.

The vibrations of machinery cannot cause it to crack.

When business expansion requires alterations this board can be taken down and used over again.

The plies of Carey Board are cemented together with asphalt, making it absolutely water-proof, and unusually sound deadening and heat insulating.

These same qualities make it ideal for use about the house—to finish off basement or third floor rooms.

If you cannot conveniently come in to see this Board in use, examine carefully the generous samples we mail, free, promptly upon receipt of request. They're convincing.

# DISARMAMENT MOTION BEFORE WORLD LEAGUE

Geneva, September 27.—(By the Associated Press.)—The representatives of France and Great Britain were summoned by Lord Robert Cecil, representing South Africa, today either to present proposals for the reduction of armaments, if they had any, or cease obstructing the projects put forward by others. The committee on disarmament of the league of nations was discussing a resolution proposed by Lord Robert and Signor Schanzer, of Italy, which read: "The assembly resolves that the temporary fixed commission be asked to make general proposals for the reduction of armaments, which in order to secure precision, should be in the form of a draft treaty or other equally definite plan to be presented to the council, if possible, before the assembly of next year."

Mr. L. Fisher, Great Britain, and Mr. Reynolds, France, opposed this resolution, because, they said, it was impossible at the present time to enter into a treaty on this subject with the United States and Russia. The form of a treaty might eventually be best, but it would be better, they contended, to postpone the resolution until next year, regional arrangements would possibly be the first step, developing gradually into a general agreement. Lord Robert Cecil insisted upon his motion, saying that it was vital to the league and vital to the peace that something be done. Disarmament was the case upon which the league was to be tried.

"Let France and England put forward proposals if they have them," he exclaimed, "and not content themselves with obstructing the proposals of others. I ask the committee to decide between us."

Mr. Fisher said his attitude was not to be taken as an indication that the British government does not favor a reduction of armaments. Great Britain has already reduced armaments and would continue to do so, but it was impossible for the league to make any headway on a general plan of disarmaments while there were important states not ready for it. On the vote Mr. Fisher abstained while all the members voted for the motion.

# HINMAN ARRIVES IN WASHINGTON FOR LABOR MEET

Friends in Atlanta were informed Tuesday of arrival in Washington of Dr. Thomas P. Hinman, Atlanta dentist and capitalist, recently appointed as a representative from the southeast at the unemployment conference being held at the national capital.

Dr. Hinman received notice of his appointment Saturday in a telegram from Secretary Herbert Hoover. It has been stated in Washington dispatches that Senator William J. Harris, of Georgia, directed the attention of Mr. Hoover to the fact that only two persons had been named for the conference from the southern states, and the appointment of Dr. Hinman was the result.

# Commission Form Of Government Is Voted in Columbus

Columbus, Ga., September 27.—Columbus voted in a referendum today for a commission form of government, with a city manager, by a majority of 567, according to complete unofficial returns.

Five commissioners are to be elected December 10, and they are to appoint the city manager.

Women voted for the first time here in a city election, and were overwhelmingly in favor of the commission plan, as out of the 1,604 for and 1,037 votes against the proposal, 586 women were recorded as favoring the change and 174 against it.

# THEFT OF AUTOMOBILE LAID TO TWO YOUTHS

Isaac Middlebrooks and Gary E. Campbell, two white youths arrested near College Park last week after they had attempted, it is claimed, to sell a high-grade eight-cylinder automobile for \$8, were arraigned before Federal Commissioner Carter Tuesday on charges of violating the national motor vehicle act. Prosecution in the federal courts was begun by department of justice agents. The federal grand jury will investigate the case at its next session.

Investigation following the arrest of Middlebrooks, who was the driver of the machine, disclosed that he and Campbell, it is said, had rented a machine from a drive-it-yourself company in Greenville, S. C., and had taken it to Atlanta and traded it for the big car. They were held in Fulton tower for the South Carolina authorities. The crossing of the state line in the alleged stolen machine involved a violation of the federal statutes.

# COAL DEALER SEES DANGER OF SHORTAGE

Danger of a hard coal shortage exists this year on account of anticipated labor troubles, according to J. A. Yarbrough, of Charlotte, N. C., newly elected president of the Southeastern Coal Merchants' association.

Mr. Yarbrough also calls attention to the fact that soft coal mines of America are some 30,000,000 tons behind the same period of the preceding year, but states that right now the anthracite output is gaining steadily.

# Harding Is Invited To Visit Columbus On His Trip South

Columbus, Ga., September 27.—(Special.)—President Harding may visit Columbus and Camp Benning when he comes south next month. The Shrine club is urging the chief executive to include this city and the military camp in his itinerary on his trip to Birmingham and Atlanta.

Should the president decide to accept, the organization has intimated that a mammoth ceremonial participated in by temples of the south would be put on here in honor of the distinguished visitor, in addition to a great military demonstration at Camp Benning on the same evening.

Strong pressure is being brought to bear, and Senator Harris and Senator Watson, as well as Congressmen Wright, are aiding in efforts to get Columbus included in the itinerary. In view of the fact that the president has been invited to Columbus and Benning before, and he promised to keep the city on the list for some future visit south, it is believed that he will finally accept at this time.

# PROBE IS STARTED OF DISAPPEARANCE OF \$5,000 IN MAILES

Postoffice inspectors began an investigation Tuesday into the disappearance of \$5,000 in currency from a registered mail pouch placed in the mails at Ashburn for delivery to the Citizens and Southern bank of Macon. Opinion was expressed that the contents were stolen from the pouch as it lay in the Ashburn station Saturday night. The sack had been slit on the side about six inches.

The money was put in a registered mail pouch and sent to the depot at 6 o'clock Saturday, where it had to lay until 8:20 o'clock, time of departure of the train for Macon. The robbery was discovered by a railway mail clerk, who found a six-inch slit in the side of the sack.

# To Make Pilgrimage.

Savannah, Ga., September 27.—(Special.)—Alec Temple, Mystic Shrine, will make a pilgrimage to Albany to put on a ceremonial on Thanksgiving day. It is announced. The famous band and patrol will accompany the team. About 300 Shriner are expected to make the trip.

# Hart County Man Placed in Jail Here On Assault Charge

Athens, Ga., September 27.—(Special.)—Being refused by the Clarke county jail, for reasons which the sheriff did not wish to disclose, Will Raynell, charged with criminal assault on an elderly lady in Hart county Sunday night, was carried on to the Fulton county jail in Atlanta Monday night.

Raynell was first placed in the Elbert county jail, but following threats on his safety, he was removed and brought to Athens, and thence carried on to Atlanta. The arrest was made by Deputy A. B. Brown, of Hart county. Raynell arrived in Atlanta Tuesday and will be kept in the Tower until the date of his trial.

## Luncheon for English Visitors.

An interesting social event of Tuesday was the luncheon given by Mrs. William McWhorter in compliment to Mrs. Anne Fletcher and Mrs. Malinda Dickson, of Oldham, England. The guests included Mrs. W. C. T. U., visiting relatives in the United States and Canada. Mrs. Fletcher made a short but interesting talk on the impressions received on her various trips to the States and the remarkable growth of Atlanta since her first visit 26 years ago, and especially the cause of woman suffrage. For many years she had believed in the cause of woman suffrage in England and with Mrs. Fankhurst, and was among the first to address on this subject on the States and the remarkable growth of Atlanta since her first visit 26 years ago. In recognition of the cause of woman suffrage, she was elected to the city of Oldham, England.

## Is your heart all right?

This excessive hot weather is very weakening to the heart, overheating the blood and causing the cells of the heart to lose their power of recovery. Be sure that your heart is not overworking. A cell food, or stimulant is very necessary to overcome this condition.

## Regenerator

Is more than just a tonic. It is a nourishment, a food, and tends to strengthen the action of the heart and other vital organs by assisting nature in the reproduction of cells. Regenerator combines "cell food" and "cell medicine"—the most advanced method of treatment for human ills.

## Drama League Outlines Plans For New Season

The executive committee of the Atlanta Drama League met Tuesday afternoon at 4 o'clock in the new hall of Phillips & Crew. There were present Mrs. Emma Garrett Boyd, Mrs. E. J. Sherwood Jackson, Mrs. John Morris, Mrs. W. E. Harrington, Robert Moore and Dudley Cowles, Miss Annabel Horne, Mrs. John North, Mrs. J. E. Sommerfield, Mrs. Linton Hopkins, Mrs. Albert Thornton, Jr., Mrs. Edward Barnes, Mrs. Merrill Hutchison and Mrs. Ullis Atkinson.

The board respectfully accepted the resignation of Mrs. Harrington as secretary and that of Mrs. Hugh Dorsey as a member of the executive committee. Mrs. Henry Bernard Scott was unanimously elected to fill the vacancy caused by Mrs. Dorsey's resignation.

On vote, the privileges of the executive committee were extended to a committee of representatives on each of the papers and Miss Louise Dooly, Mrs. Van Winkle and Mrs. Jarnagin were named as this committee.

In view of the fact the brilliantly successful lectures have been put on the Atlanta Drama League, the board voted to arrange this year's series of lectures by the best people to be had in America and to present this series to several other organizations to be approved by them with a view to securing their cooperation in underwriting and supporting the lectures. It is hoped that an extremely interesting set of lectures may be arranged.

The committee on lectures appointed consists of Dudley Cowles, Mrs. Linton Hopkins, Mrs. Albert Thornton, Jr. and Mrs. Jackson. Plans for the year's program were actively discussed, and it was agreed that the league would continue to meet on the first and third Tuesdays of each month, beginning as soon as possible in October; that the program should be varied occasionally with music, and that a series of reading rehearsals of clever little plays be also introduced.

After much debate, the committee voted to proceed at once to the appointment of a committee to produce plays, with the idea of leading up to the establishment in the community of an artistic little theater.

The appointment of the committee to handle the details has not yet been made, but is being avoided with much interest.

Mrs. Tift's Tea At Driving Club.

Mrs. Thomas Willingham Tift will entertain at a bridge-tee this afternoon at the Piedmont Driving club, in compliment to two charming visitors, Mrs. Lafayette Franklin, of Denver, Colo., the guest of Mrs. Anne Bates Walsh, and Mrs. Stanley Kennedy, of Honolulu, the guest of Mrs. Charles Moon.

Those invited are Mesdames Carl Ramspeck, Ralph Ragan, Charles W. B. Williams, Jr., Louis Carhart, George Raine, Lott Warren, Jr., Robert Barrett, Cator Woodford, Charles Palmer, George Woodford, Homer Carmichael, William Anderson, S. L. Peetwood of Tifton; Mesdames Carrie Bourn, Lott Johnson, Marion Hill and Sarah Hill.

Miss Walker's Certificate Recital.

Miss Olive Walker will give a certificate recital Thursday afternoon at 3 o'clock at Edison hall. All friends are cordially invited. Active music is a pupil of Miss Marie Van Geider.

Bridge-Luncheon.

A delightful event of Saturday was a bridge-luncheon given by Mrs. Eva Schultz in compliment to Mrs. Maud Ray Matthews, of Jacksonville, Fla., who is spending several days in Atlanta as the guest of her parents, Mr. and Mrs. J. A. Ray. Several other parties have been planned for Mrs. Matthews during the week.

OF INTEREST TO WOMEN

A prominent physician says that by far the most number of women's ailments are not surgical ones, that they are not caused by serious displacements, or growths. Symptoms similar in character are often brought about by much simpler conditions. We therefore urge every woman who suffers from backache, headaches, bearing down pains, side aches, irregularities, nervous despondency, or weakness to give Lydia E. Pinkham's Vegetable Compound a trial. It acts as a natural restorative and often prevents more serious troubles.—(Adv.)

## Famous Sculptor Visitor in City; To Address Clubs

George Julian Zolnay, one of America's great sculptors and president of the Washington, D. C. Art club, is in Atlanta, the guest of Mr. and Mrs. Marvin Underwood. He was given a luncheon Tuesday at the Capital City club by J. Lee Edwards.

Mr. Zolnay will meet this morning at 11 o'clock with the Atlanta Art league as its guest, the meeting to be held at Cable hall.

This afternoon at 3 o'clock Mr. Zolnay will address the women's federation at the clubhouse on Peachtree street, the time being set promptly at 3 o'clock as Mr. Zolnay leaves for Washington on the 4 o'clock train from the Peachtree station.

Mr. Zolnay inaugurated the movement that led to the foundation of the St. Louis Art association, which built a \$2,000,000 art museum.

He is the creator of many notable pieces of American sculpture, prominent among which is the Winthrop High school, which is said to be one of the most beautiful pieces of the work of this kind to be found in this country.

Mr. Zolnay came to Atlanta from Nashville, where he has been for some time in charge of the building of the great Parthenon museum, which is the centerpiece of Nashville's park.

It will be recalled that a replica of the Grecian Parthenon was built for the art exhibit of the Tennessee Centennial exposition at Nashville, the foundation being of solid stone, while the upper structure was of wood and plaster. The building attracted so much attention that the park commissioners of Nashville concluded to rebuild it as a permanent structure. All of the temporary work was torn down, and Mr. Zolnay was put in charge of rebuilding the stone foundation and the replica of what he says is the most beautiful achievement ever created by the hands of man—the Athens Parthenon.

When completed, the building in Nashville will be an exact duplicate of the original, including every detail, not only of architectural effect, but of frieze, decoration and structure. The cost of the new building will be about \$250,000 and it will be used as Nashville's art museum.

Women Vote.

## SPECIAL DISPLAY of The NEW GOWNS

## for AFTERNOON, DINNER AND EVENING WEAR

IN choosing an Afternoon or Evening Gown, the one thing every woman seeks most to avoid is "mediocrity." To be correctly attired on the formal and semi-formal occasion, one must, so to speak, be differently attired. Your gown must possess an individuality of its own. For this reason the discriminating woman will find special interest in the new Allen Gowns. We have perhaps never shown so many—most certainly never more fascinating—and whether the price be \$45 or \$285, you are certain of the utmost value at whatever price you pay, and also that "style exclusiveness" which is determined more by where you buy that what you pay.

—We mention a few selected at random from the many new Allen gowns.

## Afternoon and Dinner Gowns

- of Black Satin and Lace—  
Fine Black Satin, with overspread of lace, with large satin bow. Simple, yet rich. \$55.00

## REPUBLICAN WINS SEAT IN CONGRESS IN MASSACHUSETTS

Boston, September 27.—A Platt secretary of the treasury, was chosen to succeed Wilfred W. Lufkin as congressman from the sixth Massachusetts district. The polls will be closed at 6 o'clock in the morning. Both the mergerites and anti-mergerites expressed themselves Tuesday night as confident of victory. The latter faction held an outdoor meeting at 8 o'clock Tuesday night in front of the Kirkwood pharmacy, South Kirkwood, in an effort to round up as many votes against the merger as possible. Even though the merger carries, say the anti-mergerites, the legislative bill authorizing the election will be contested in the state supreme court.

W. Schley Howard, former congressman and attorney for the anti-mergerites, declares that the bill as drawn up is unconstitutional. In that the body of the bill includes a proposition not included in its title. That furthermore, it is not the club two-thirds of the vote. A. B. Howard, who took the words.

## James A. Hollomon To Address Athens Civic Organizations

Athens, Ga., September 27.—(Special.)—James A. Hollomon, tax expert and well-known writer of The Atlanta Constitution, will deliver an address at a joint luncheon of Athens Rotary and Kiwanis clubs Thursday noon at the Georgian hotel. The Athens Chamber of Commerce, as well as other civic organizations, will be represented at the luncheon and a brilliant affair is anticipated.

Mr. Hollomon's address will be based on the tax situation as he has found it in other states during his recent travel over the south, and it is understood that he will touch on the methods followed in other states in caring for their educational institutions.

## SCHOOL AND COLLEGE DAY IS SET AT FAIR

The most wonderful exhibit in the history of the Southeastern fair—the main building and the main exhibit occupied the foreground at the foot of the steps. The board of the fair, which extended the meetings of the women's board to the football squad of 1921.

Handsome athletic blankets in the universal colors—black with the "O" in yellow—were then presented by Mrs. Frances S. Whiteside, of the board, and accepted for the women's board by Coach Walter B. Elcock. The squad was invested with blankets by Coach Elcock, and the "Fair Alma Mater, Oglethorpe" was sung by Mrs. Hugh Atkins, all the scattering joining with her.

The college yell by the student body provided a striking period to this impressive ceremony.

There followed the presentation to the board of a United States flag given by Mrs. Homer V. Jones, of Norcross, Miss. B. DeJarnette, also of Norcross, being the spokeswoman.

The flag was raised by Norcross students, Margaret Crisler and Joseph Rainer. It was accepted for the board and presented to the student body by Mrs. Albert Thornton, Sr.

Clifford Sims, president of the senior class, in brief and appropriate words, accepted the flag for the university.

Mr. Sims, who is from Richland, Ga., saw long and active service in the world war, his work at Oglethorpe being interrupted by his going into the national army.

The meeting of the women's board opened at 3 o'clock in the university chapel, with Mrs. Lee Ashcraft, president, in the chair.

Dr. Thornwell Jacobs, president of the university, delivered the invocation, Mrs. I. R. Carlisle read the minutes, and Mrs. E. D. Crane read the treasurer's report.

The reports and recommendations of special standing committees brought out many interesting phases of the activities of the board, notably Mrs. James T. Williams, chairman; finance, Mrs. K. H. Connerat; the Players' club, Mrs. Cheston King; music, Mrs. DeLos Hill; commencement activities, Mrs. Connerat; athletics, Mrs. Doughty Manley.

The resignation of Mrs. H. P. Hermon as chairman of grounds on account of her change of residence to Toronto, was received with regret.

In the absence of Mrs. E. L. Chalmers, library chairman, Mrs. W. K. Ottley introduced Miss Alma Jemison, the new librarian, and it was announced that the library will be located in the beautiful Lupton building as soon as the building is completed.

On recommendation of the finance committee, Mrs. K. H. Connerat, chairman, it was voted to give \$100 this year for the purchase of necessary reference books for the school of commerce, these books to be selected by Dr. Libby, head of the department, who accepted the gift for the university.

Dr. Jacobs, reporting for Mrs. Hermon, who will come from Toronto the last of the week to attend the first football game, the season when Oglethorpe plays Tech, traced the history of the campus from its beginning in 1916, when it was largely red clay embankment and bogs, to its present highly improved condition and attractive appearance, all the work on the grounds being done in accordance with the general plan for the completed grounds and buildings.

Supper-Dance. Mrs. George L. Pratt, chairman of the department, announced that a supper-dance will be given Saturday evening at Capital City Country club for the Oglethorpe and Tech football teams, who meet that afternoon. Ivan Allen is chairman of decoration downtown to advertise the game.

Mrs. Reynolds, of Norcross, was announced as chairman of the Norcross committee of the women's board, which already has nine members actively at work. Committees will also be formed in other Georgia cities.

## S. Seeks Release Of Baptist Mission Held by Mexicans

Washington, September 27.—The

state department and the American consul at Saltillo, Mexico, are endeavoring to obtain from the Mexican government release of the Baptist mission at Saltillo, an educational mission of the Southern Baptist convention. Secretaries Haines today wrote

Senator Harris, democrat, Georgia, who is urging restitution of the Baptist property, that the Saltillo consul had been instructed to further press demands for return of the property. It was seized in 1917, during revolutionary disturbances, and now is operated as a municipal school.

# Your Dollar and Mine

We all want to make our dollar go as far as it can these days.

We want to make these dollars beneficial to ourselves—and it ought to be our desire to make them equally as beneficial to the community in which we live.

Have you ever stopped to figure how many double—and treble—duties every dollar does? If you keep it in your community it goes the rounds! You get it for the labor you perform. Maybe you pass it to the shoemaker, or the doctor, or the tax collector, or the milkman. He passes it around and it goes through many channels. Finally it gets to the merchant—maybe your groceryman. He, in turn, buys goods from the local manufacturer, and perhaps on the next pay day it's back in your envelope again.

Every time it passes from hand to hand it is performing its function in helping things at home—in paying off a debt.

## Do you discriminate at the dining table—or are you thoughtless?

In thousands of homes, a "line" is drawn at the breakfast table. Tea or coffee is served for "grown-ups" and Postum for children. But some parents do not discriminate. Caffeine and tannin, the injurious contents of coffee and tea, seriously retard the development of the delicate nerve tissues in children.

Consequently, instead of rich, satisfying Postum, children are over stimulated by the drugs in tea and coffee; and so may grow up irritable and nervous. Any doctor can tell you that this is a great evil and should be corrected.

Although some parents feel a certain justification for the personal indulgence in coffee, yet the harm to them may be equally serious. It may take a little while longer for the drugs in coffee and tea to affect an older person, but in many cases the nervous system and allied bodily functions will become weakened. The surest way to avoid such possibilities is to quit coffee entirely and drink Postum instead. The change permits you to get sound, restful sleep.

Postum is the well-known, meal-time beverage. Like thousands of others you will like it because, in flavor, it is much like a high-grade coffee.

Do away with the distinction at the table. Serve delicious Postum, piping hot, to all the family. One week's trial and it is likely that you'll never return to tea and coffee.

Postum comes in two forms: Instant Postum (in tin) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

## GIVEN JAIL TERM IN BRIBERY CASE

Twenty days in jail and the subsequent presentation of his case to the grand jury for possible indictment was the penalty received by Jesse L. Ward, of Stockbridge, Ga., from Judge John D. Humphries in Fulton superior court Tuesday for his alleged attempt to bribe Cleveland Clark, a witness in the case of H. D. and George Campbell, charged with theft from box cars of the Central of Georgia railway.

Judge Humphries also severely reprimanded J. E. Grant, another resident of Stockbridge, because of his connection with the case and instructed Solicitor Boykin to look up the law as regards the case of Grant. The judge told Grant to continue to attend the hearings on the Campbell case until his part in the matter could be determined.

C. W. Tribble, an investigator of the Central of Georgia railway, alleged that he had overheard Ward offer Clark \$500 if he would fix his testimony in cases pending against E. G. Costley and A. G. Little. Tribble stated that this happened while the men were standing in the hallway adjoining the courtroom while a jury was being sought for the Campbell case.

Clark attested on the witness stand that Ward and Grant had approached him at the Fulton tower, asking him how much he would take to protect Costley and Little when their cases were heard. He said that he would do it for \$1,000, Clark stated. He added that he notified G. A. Maddox, county probation officer, of the incident, asking him to bring it to the attention of the court. He further said that Ward approached him Tuesday saying that he was unable to give the \$1,000, but that he could deliver the \$300 Tuesday afternoon. Mrs. Treo Clark, wife of Cleveland Clark, corroborated the testimony of her husband.

Ward, in his own defense, said that he had merely dropped by the jail to pay Clark a visit and that his interest was friendship. He made a sweeping denial of the bribery charge.

Judge Humphries expressed the sincere regret of the court that it should be humiliated by such an occurrence, and cited also the instance wherein two men had pleaded guilty to perjury earlier in the day. This was the case of W. D. Lynn and J. P. Lockett, who admitted having sworn to a false alibi for Clark, who himself was once charged with car-breaking and whose case is expected to be thrown light on that of the Campbells.

The four men, the two Campbells and Costley and Little, are under indictment concerning the breaking into of a Union Pacific car in the use of the Central of Georgia railway and the theft of a large quantity of cigarettes and tobacco.

## FIVE-CENT FARE DECISION UPHELD

Continued From First Page.

upheld the contention of the state railroad commission, that it had no jurisdiction over the case.

On October 5, 1920, the Georgia Railway and Power company notified the state that on and after October 20, 1920, it would charge 5 cents fare between Atlanta and Decatur and that it denied the legality of the contract. Just prior to the date of the threatened increase the town of Decatur brought the present proceedings denying the right of the power company to abrogate its contract of April 1, 1903, and sought an injunction in the D-Kab superior court to restrain the company from increasing the fare.

The power company filed a cross bill in the proceedings brought by the town of Decatur in which it denied the validity of the contract on numerous grounds and asked that all parties be restrained from interfering with the fixing of the 5-cent rate or any other just and non-discriminatory rate.

**Court Proceedings.**

In the proceedings in the DeKalb court, the petition for an injunction was denied and the company appealed. In the College Park proceedings, which are similar to those of the town of Decatur, an injunction was sought restraining the rate increase, but the Fulton court denied the injunction sought by the power company, but granted a supersedeas permitting it to charge 5 cents pending decision of the case by the supreme court provided rebate checks of 2 cents were given on each fare to College Park.

In upholding the validity of the Decatur and College Park contracts in the appealed cases from DeKalb and Fulton counties, the supreme court ruled that the power company has no right to alter, change or fix a rate differing from existing rates under which it had been operating.

This power is reserved alone by the constitution of the state and by legislative enactment is placed in the hands of the state railroad commission, the court ruled. If the contracts are void the railroad commission alone has the right to change the fare and if the contracts are valid subsisting contracts the power company is bound by them.

In declining to reverse the opinion that the railroad commission had no jurisdiction in the case declared in the decision in favor of such reversal in the decision that the railroad commission stands unchanged.

Judge Frank Maxwell, of the law firm of Harrell, Fairman & Harrell, who, with Howell Green and L. J. Steele represented Decatur in its case against the Georgia Railway and Power company, stated Tuesday afternoon that "the decision rendered by the supreme court was righteous and what we had confidently expected."

"We consider a contract a contract, whether made with a corporation or an individual," he added. "Decatur gave full consideration for this contract made with the power company in 1903, whereby a maximum fare of 5 cents per trip should be charged on the North Decatur

## W. & A. CASE WILL BE HEARD OCT. 3

The supreme court will hear on October 3 the Western and Atlantic case appealed from the superior court involving the validity of the \$2,500,000 warrants issued against the company's plan.

Judge John T. Pendleton, of the Fulton superior court, who heard the case in November of that year, decided that the company could charge a 2-cent fare until the supreme court made a final decision on the case. Judge Pendleton also instructed the company to give a 2-cent certificate to each passenger to and from College Park, so that they could get their money back if the supreme court enjoined the fare raise.

"Needless to say many of the people did not take enough interest in the 2-cent certificate and did not apply to conductors for one. Some of the conductors did not give them and some were rather impatient when asked to give them. How much money is due from these certificates, I do not know. The decision of the court is certainly fair and just and a victory for the people."

## YAARAB TEMPLE IN NEW QUARTERS

Yaarab temple's goat is going to have a home of its own; true, it is only a rented place, but there are lots of people in this world who get along and are mighty happy in rented places, and so after October 1 the famous adjunct of the degree staff will have a place where the goat can eat its cans without the nearby neighbors having any right to butt in on his pleasures.

Which is preliminary to saying that illustrious Potentate Henry C. Heinz has taken a lease on the University Club building at 100 Peachtree street, and from October 1, Yaarab temple will occupy this commodious and centrally located building as its headquarters.

Recorder George E. Argard has a corps of workmen giving the premises a complete renovation, and after October 1 his office will be there, as will be the headquarters of every one or Yaarab's organizations. The building will afford locker space for the valuable uniforms, instruments and paraphernalia that are scattered all over the city.

Before the big ceremonial in October several of the rooms will be fitted up to be used as club rooms for the members of Yaarab temple and sojourning nobles. There is ample parking space for automobiles behind the building, and a parade and drill grounds will be fixed up in the near future.

Recorder Argard asks all nobles to remember that he will not be in the Healey building after October 1, and applications for the October ceremonial must be in his possession not later than October 15.

## ATLANTA BAPTISTS ORGANIZE COUNCIL

Continued From First Page.

among which are Richmond and Norfolk, Va.; Louisville, Ky.; St. Louis and St. Joseph, Mo.; Dallas, Texas, and Memphis, Tenn.

"The first Baptist city council," said Dr. Purser, "was organized 14 years ago at Richmond, and the good effect of that council was shown by last year's reports. Those reports showed that the Baptists made a net gain in membership which was bigger than the total net gains of all the other evangelical churches of that city."

"Without a city council, the churches of a city have little chance to keep on a level with highly organized churches. It is for the purpose of co-operation and especially for co-ordinating every division of the Baptist churches of Atlanta with a view towards efficiency that the Atlanta Baptist association called this meeting."

**Dr. Major President.**

Dr. W. H. Major, pastor of the Capitol Avenue Baptist church, as chairman of the executive committee of the association, presided over the meeting until the election of officers. The membership, he said, will be composed of a representative of each of the 52 Baptist churches in and near Atlanta, the members of the executive committee of the association and 25 special men who will be picked by the executive committee.

Dr. W. M. Seay, pastor of the Wesleyan Baptist church, who also spoke, pointed out the great benefits which will accrue to the Baptist churches here through the city council and expressed optimism in the council's career.

A report of the progress of Atlanta Baptist churches was read at the close of the meeting, and disclosed that the membership had increased from more than 11,000 members in 1910 to more than 21,000 in 1920.

# Staton Tells of Tech's System Of Adding Plays to Her Attack

Long Scrimmage Held Yesterday, With Dewey Scarboro Brightest Star in Action.

**FITS OUT OF GAME.**  
Athens, Ga., September 27.—(Special).—In a scrimmage Tuesday afternoon between the varsity and the reserves, Pitts, star quarterback for the University of Georgia, was laid out of the game with a twisted knee. While the injury is not serious, it will prevent him from playing against Mercer Saturday. Pitts, quarterback for the reserves, was also laid out a few minutes later. This leaves the Red and Blue teams minus the services of both its quarterbacks for the opening game. Coach Stogdson has not yet announced who will play quarter.

The whole of the lecture period yesterday was devoted to the discussion of the various plays that are used. In addition to the plays already known, two or three new ones were taken up for study. The Tech system of learning plays is somewhat different from that used by other schools. Early in the season much time is devoted to the learning of plays. So, by the second or third game, we have learned all the formations that we will use the whole year. In other words, we never try to cram in a lot of new plays just before a hard game. Because experience shows that it can't be done successfully. Not enough time could be given to them, so naturally they would not be executed correctly. This would lead to nothing but a lot of bungles.

"But," you say, "how about the scout? Won't they learn everything you've got?" What if they do, they never know which play we're going to run at a certain time. They never know where to be on each play. All in all, we know exactly what we're liable to use at any time, certain formations that are always dangerous. There is no set that they could possibly take that would stop every play that we have. We depend more on accuracy and speed than we do on a whole raft of perplexing and confusing formations. To know exactly where every player is going, to know exactly which man is to take that play, and to know where every man on the squad is in their right—that's the word. There's no fear about the opposition stopping you. For you have self-confidence in you that

makes up for the little that the opposition might know about you.

**Long Scrimmage.**  
Probably the longest scrimmage of the year was held yesterday. Practically every fellow in uniform was given the chance to breathe the hall of hard knocks. It was cool, and the fellows did not tire, so we had quite a merry scrap. There was a drizzling rain all during the scrimmage, which kind of kept the boys cooled down a bit. Incidentally, the rain gave the boys a chance to get used to their mud cleats.

Old Dewey Scarboro certainly did have all the earmarks of a cool million dollars yesterday. He saw a boy turn and twist and dodge so in all his life. He was simply unatopable. And at cutting back he would make past masters in that art sit up and take notice. Besides his running ability, Dewey has been recognized at the hardest tackler on the field for some time. In fact, he tackled too hard at times, hitting his man such a wallop that he injures himself. I believe this is Dewey's big year, and he is not going to let it slip by without giving a wonderful account of himself. He also played a nice game. He caught a forward pass for about 30 yards and then ran for a marker. This boy Godwin still persists in ramming the line like an all-American fullback. He's little, long, and dically speaking, but he can move more than give any team a lot of trouble. The authorities are planning to make Saturday a gala occasion. They are working on plans for a half-holiday in the city. The word among the boys is that they will give a supper dance to the members of the two teams. The dance will probably be held at the Capital City club, and it will be a night of fun, and yet, of intense rivalry, will certainly be beneficial to both schools. There is certainly appreciation of this generosity on the part of the women's board.

## AVERA MEETS JACK LAWLER

Atlanta fight fans have something to look forward to this evening, that will be staged at the Auditorium Tuesday night by Promoter Mike Mattera. Jack Lawler, manager of Jack Lawler, to sign articles of agreement for a ten-round match with Larry Avera. Miller was forced to offer Levy one of the biggest guarantees ever offered here to secure the match. Levy, according to Miller, has required that Miller post a forfeit of five hundred dollars for weight of 137 pounds at 5 o'clock the afternoon of the match. Compelling Levy to weigh in at 5 o'clock is usually the custom in all states where they have a commission. Lawler will remain in Atlanta and train every afternoon at the base ball field. ## KRYPTOK BIFOCALS

**WHAT ARE KRYPTOK BIFOCALS?**  
They are a combination of glass, allowing you to see both near and far with one solid glass. No removing your reading glass to see distant objects; no seams, lines or blisters to worry you or attract attention of others to your age. Absolutely invisible while on the face, they have proven a revelation to thousands who have come to us for them. Why are we successful with Kryptoks? Because we are extremely careful in the examination of your eyes, the correct grinding of the glass, and perfect adjustment of frames to each individual face, all of which is absolutely necessary to insure comfort and appearance. If you have Kryptoks bought elsewhere and cannot use them, bring them to us and we will find the trouble. Ask the better oculists or any of our patients what the Ballard service is to the public.

# "Beat Georgia Tech" Is Slogan As Hilltoppers Prepare for '21

**Brookhaven Champ**  
Washington September 27.—(Special).—With the famous Johnnie McQuade flashing with all his old-time form, and seven husky linemen weighing over 200 pounds, Captain Jack Flavin is driving his Georgetown football team through the early season stages with the Georgia Tech whites in November as the great objective. Head Coach Albert Exendine, for three years all-American end, Line Coach Dan O'Connor, captain of the 1916 championship eleven and last year assistant coach at Centre, and Backfield Coach Jackie Maloney, who two years ago almost alone defeated Navy, are departing from their usual custom and are making early season predictions. Washington sportsmen, and will most unanimous in the opinion that Exendine will take an undefeated team to Atlanta in 1921. The more cautious look for a Blue and Gray triumph over the Golden Tornado.

**HARRY ANSLEY.**  
Here is Harry Ansley, who on yesterday defeated Milton Dargan, Jr., in the finals match for the Blue championship at Brookhaven, 3 and 1.

## ANSLEY NEW C. C. C. CHAMP

Harry Ansley is the new golf champion of the Capital City club, winning that distinction yesterday by defeating Milton Dargan, Jr., 3 up and 1 in their thirty-six hole final match.

Ansley, 2 up at the end of the first 18 holes, declined to yield any of his advantage in the afternoon, despite the stubborn fight waged by Dargan. The struggle was close and to a close on the thirty-sixth green, when Dargan, already down 2, missed a putt that would have given him a half.

Both were rather erratic off the tee in the morning round, but made up for this indifferent work on the greens. Their medals were about even, two 90s approximating the total fairly accurately.

Improvement set in with the start of the afternoon round, Ansley getting a 75, while Dargan was two strokes away. Winning the championship gave Ansley a couple of trophies during the tournament, as he was the winner of the low set in the qualifying round, a 75 bringing in this honor.

Harry, who is a savings teller at the Fulton National bank, is but 19 years of age, and the tournament that he won yesterday is only the third he has played in since starting golf four years ago. A taken arm a year after he began, forced him to give up the game for two years, but he began again last summer and has come to the front rapidly.

By Memphis, 6 to 2, the closest score of any game in the series. Zerk Lohman, pitching for Memphis, held the hard hitting Panthers to seven hits. Memphis batters piled up ten hits off the delivery of two Fort Worth pitchers, Paul Wachtel and Gus Johns.

Oscar Tuero, for Memphis, and Robert Whitaker, for Fort Worth, were expected to have the pitching assignments tomorrow.

**141,000 FANS WATCH YANK-INDIAN SERIES**  
New York, September 27.—A total of 141,000 persons—a new attendance record for four consecutive baseball games—passed through the turnstile here during the "little world series" just finished at the Polo grounds. The figures, made public today by Ed Barrow, business manager of the Yankees, did not include 1,500 "deadheads" per day.

Approximately 32,000 were present Friday, 38,000 Saturday, 41,000 Sunday and 30,000 yesterday. Thousands were turned away from the park on Sunday.

The world's series attendance record was set in 1912 when 136,398 persons attended.

## SUNDAY SCHOOLS PLAN BIG ATHLETIC LIST

The Sunday School Athletic association met last night at the central Y. M. C. A., with Ben R. Padgett, president, in the chair, and completed plans for the opening of the season next month. The opening night will be "Charter Night" and the different sports committees will be announced for basketball, volleyball, swimming, baseball and track.

The following schools were represented: Wesley Memorial, St. Lukes Episcopal, Druid Hills Baptist, Druid Hills Presbyterian, West End Presbyterian, St. Paul Methodist, Central Presbyterian, North Avenue Methodist, Western Heights, Lakewood Heights Baptist, Tabernacle Baptist and Grace Methodist.

## COLUMBUS GRID FANS TO SEE BIG STRUGGLE

Columbus, Ga., September 27.—A little army-navy football game preliminary to the annual classic between West Point and Annapolis in New York Saturday, November 26, has been arranged between the teams of the United States infantry school here and the Atlantic fleet for Saturday, November 19, at New York. The Polo Grounds, Columbus university stadium, or Ebbets field are being considered for the game.

## SAN ANTONIO WINS FROM DALLAS, 6 TO 5

Mexico City, September 27.—The San Antonio baseball team again this morning won from Dallas, the score being 6 to 5. Henry, of San Antonio, made two extraordinary long drives, but Mattack made spectacular catches of both.

## KIRKWOOD VOTES ON MERGER TODAY

At 6 o'clock Wednesday evening the polls at Kirkwood will be closed and the count of votes will decide whether or not that municipality will merge with Atlanta. The polls will open at 6 o'clock in the morning.

Both the mergerites and anti-mergerites expressed themselves Tuesday night as confident of victory. The latter faction held an outdoor meeting at 8 o'clock Tuesday night in front of the Kirkwood pharmacy, South Kirkwood, in an endeavor to round up as many votes against the merger as possible.

Even though the merger carries, say the anti-mergerites, the legislative bill authorizing the election will be contested in the state supreme court.

## CRUSADE IS LAUNCHED AGAINST LOITERERS

Following the recent crusade against traffic violators, police and detectives are now on a round-up of all idlers throughout the city. For the 24-hour period Tuesday, more than 100 cases were docketed against men and women, both white and colored, for idling and loitering.

Chief of Detectives A. Lamar Poole stated that the campaign is the result of numerous complaints from law-abiding citizens. There were received requests from employers who stated that their employees have a tendency to stop by pool rooms and loiter at their places of employment. "Then there are the common, ordinary loafers, known as 'bums,'" said Chief Poole. "They loiter in the pool rooms, shoot craps and peddle whisky, making themselves a veritable nuisance, and in many cases, a menace to law and order enforcement."

Chief Beavers, in commenting on the situation, said that it "is a case of work or fight. Unless these men go to work voluntarily, they will be put to work by the city."

## TWO MISSIONARIES BACK FROM ORIENT FOR YEAR'S REST

Two Georgia missionaries to the Far East, Silas Stephens, of Ball Ground, and C. Kelsey Dozier, of Gainesville, have returned to their native state for a year's rest before resuming their work in the Orient. Both are graduates of Mercer university and have been working under the foreign mission board of the southern Baptist convention.

Both of these men attended the Southern Baptist Theological seminary at Louisville, Ky., where they graduated. They are accompanied by their wives and children. Mr. Stephens went to Tsingtau, Shantung, China, and Mr. Dozier, accompanied by his wife, took up his labors at Fukuoka, Japan, where he started the Willingham school for boys.

A wealthy Japanese young man, Mr. Seki, has accompanied Mr. Dozier back to America and has matriculated at Georgia Tech. Mr. Stephens brought with him a young Chinese student who has matriculated at Mars Hill, N. C.

## They Said We Couldn't Do It

When we had promised Mr. John A. Manget to raise the \$300,000 which he needed to add to his own funds in order to build the New Cecil Hotel, we knew we had a big job on our hands. The issue was a large one and financial conditions were not favorable. But we knew the loyalty, the confidence in the South, and the financial resources of the thousands of people who had been buying Miller Mortgage Bonds for years.

We told some bankers and financiers what we intended to do. They were astonished and skeptical. But they did not know the unusual character of our clients, many of whom for years have kept their investment business in our hands, accepting our recommendations and buying Miller Bonds at regular intervals. Experience had proved to us, time and again, that Miller Bonds are in a class by themselves, because they are regarded by people who know them as a good place to put their money when many other investments do not look particularly safe. Moreover, we knew that the substantial, thrifty people who buy Miller Bonds have money to invest even when the country as a whole is supposed to be "hard up."

The bankers were right when they merely talked about "bonds" and "investors." We knew we were right when it came to Miller Bonds and Miller investors.

**So we went ahead with the Cecil offering. Every resource at our command was employed to make possible the erection of a splendid, commodious and much needed hotel structure in Atlanta which will make every piece of real estate in the city more valuable. Hundreds, thousands of letters, booklets, circulars and other reading matter were mailed from our office. The response exceeded our loftiest hopes.**

**In sixty days the \$300,000 Cecil Hotel Bonds were sold.**

## An Organization to promote Southern Prosperity

We have described the financing of the New Cecil Hotel because it affords a striking example of the work which this firm is doing in furthering the development of the South. Our organization is bringing capital into this section for building construction and helping to relieve the housing shortage. Builders turn to us for funds because we are able to secure these funds from thousands of widely scattered investors. We are thus rendering a service to both borrower and lender, and to the whole South.

The New Cecil Hotel is but a single example of Miller financing. The Lawrence Apartment and the Southland Apartment in Atlanta were also financed by us. In a few days we will announce the financing of another Atlanta apartment structure, and a new issue of bonds is about to be brought out secured by an apartment in Memphis. These are in addition to numerous other income-earning structures which we have financed in leading Southern cities.

**Have you as good an opinion of the South as the thousands of people in the South, in the North and West, and in foreign countries, who have bought and will buy these Miller First Mortgage Bond issues?**

## Learn How the South Is Being Financed

The story of how the New Cecil Hotel was financed must have stimulated you to find out more about the methods by which G. L. Miller & Co. are raising funds for the erection of hotels, apartment houses, and other highly useful structures in Southern cities, thereby increasing the prosperity of the whole South. We have developed an unusual system of financing these structures, which combines the greatest convenience to the borrower with the greatest safety and profit to the investor. Our method is fully explained in our booklet, "Creating Good Investments." Telephone, call, or write for a free copy, and learn more about the true inwardness of how capital from every state in the Union and from foreign countries is being drawn into Southern building construction through the efforts of G. L. Miller & Company.

## RORKE HEARING SET OCTOBER 1ST ON GUN SHIPMENT

New York, September 27.—George Rorke, of Washington, arrested on an order from Attorney-General Daugherty as the result of an attempt to ship riot guns to Ireland, demanded an immediate hearing when arraigned before United States Commissioner Hitchcock today. At the request of Assistant District Attorney Mattuck, however, the hearing was set for October 1, Rorke being permitted liberty under \$2,000 bail.

### PLAN TO HARNESS OCHLOCKNEE RIVER FOR POWER PLANT

Thomasville, Ga., September 27.—(Special.)—A movement is on foot at Tallahassee, Fla., to use the waters of the Ochlocknee river near there for a large hydro-electric power plant. It is planned to erect a dam across the river and throw the surplus water into Lake Lanier for an immense reservoir. Surveys are under the supervision of Guy Winthrop, of Tallahassee, who has lately completed the plant at Albany, utilizing the waters of the Flint river.
